RE: Outstanding service from Pembroke Insurance

We recently asked Jonathan to look at renewing our PI Insurance for RBCE Ltd. The marked in recent years has resulted in very high premiums due to the lack of companies providing the service in Ireland.

We received renewal terms from our current insurers and Pembroke insurance not only got me terms that were less than half of that of my current insurers we also got more cover than what our current insurers were offering.

We would like to thank Jonathan for all his efforts and can highly recommend him to anyone around the table with confidence.

Sincerely
