

## TESTIMONIAL

01/10/19

To whom it may concern,

I engaged the services of Jonathan from Pembroke Insurance , looking for a quote for a warehouse and Public Liability , Fire etc.

As usual, Jonathan came back within the same day, with three or four relevant questions so as to ascertain exactly what cover I needed.

His colleague Chris was then able to get back to me the following day with a favourable quote, which, once I accepted, enabled him to produce the finished policy and email it out to me the same day.

For an efficient and effective service I would thoroughly recommend Jonathan and Pembroke Insurance Brokers, for all your insurance requirements.

Yours sincerely
